Il existe de nombreuses histoires différentials outur de kett - to a more than one horror and fantastic on this topic has developed and expanded. Many of these stories have been adapted for video games. Here patkallscp decided to recreate the most true SCP: Deterrence violation in Minecraft. The purpose of the card is quite simple: you need to try to escape from the dangerous installation of the SCP Foundation, which is now in the tab, because something went wrong. You will have to flee from many dangerous fellows there, as well as staff specially armed to treat these paranormal prisoners. To make this map, the author spent more than 8 months there and had to create 5,800 blocks of teams to make this adventure away. So expect high-flying special effects that will surprise you and guarantee you an emotional adventure. Download Preview [1.12.2] SCP: Blocking Violations Download Card. Then find the .minecraft folder: (adsbygoogle - window.adsbygoogle || []). Windows: Go to the Start menu, and then go to Run. If not, do Windows Key - R. Then type %appdata% in the search bar, and then navigate to the .minecraft folder. Linux: Press ALT-F2 at the same time. Normally you should have your own minecraft. If you don't see it, use CTRL-H to turn on hidden folders. Mac: Your Minecraft folder is located in User > Library > application support. If you can't find application support, look for find finder >: Go -To support alt > libraries. Open the map archive and move the map folder to the save folder located in your minecraft.
